30 YEARS

IN THE SECTOR

About Us

Tomika is an official supplier, representative, and agent of premium quality building materials from Turkey, with over 25 years of experience in the building industry. We are proud to serve international markets, offering high-performance products that meet the specific demands of our clients' projects. By acting as the official agent and export department for several esteemed Turkish and European manufacturers, we ensure that our customers receive certified, top-quality products directly from the factories under our supervision.

At Tomika, we understand the complexities of large-scale projects, and we are dedicated to offering a wide range of products that cater to every need. From porcelain tiles to sanitaryware, swimming pool tiles, and epoxy systems, we provide a diverse selection of materials that help our clients save time and money while enhancing the overall performance and aesthetics of their projects. Our direct sourcing model cuts out intermediaries, enabling us to pass on cost savings to our clients while ensuring reliable delivery and product quality.

Mission

Our mission at Tomika is to offer superior building materials for every type of construction project, helping our clients achieve both quality and cost-efficiency. By directly sourcing products from trusted manufacturers in Turkey and Europe, we ensure competitive prices without compromising on quality. We are committed to delivering products that fulfill the unique needs of each project, from residential to commercial and industrial sectors.

At Tomika, we are more than just suppliers; we are trusted partners who understand the importance of timelines, budgets, and performance. We strive to make every project smoother, faster, and more cost-effective, providing tailored solutions that help our clients succeed. Whether it's through our extensive range of tiles, bathroom accessories, or industrial materials, we aim to be the preferred choice for building materials worldwide.

Vision

Our vision is to be a global leader in the building materials industry, recognized for our commitment to excellence, innovation, and customer satisfaction. We aspire to expand our international presence by continuously offering high-quality products that meet the evolving demands of the construction market. By maintaining strong relationships with renowned manufacturers and providing direct access to certified products, we aim to support the development of sustainable, high-performing spaces.

At Tomika, we envision a future where we are the go-to partner for contractors, designers, and developers seeking reliable, cost-effective, and durable building materials. We continue to innovate and adapt to industry trends, ensuring our clients always have access to the best solutions available for their projects.
